 Community Headquarters Building  
 Washington, D. C. 20505

Dear [REDACTED]

The Committee has had a long standing agreement with the Department of Defense permitting free access to audit reports produced by the four different audit agencies in DoD. This has proven to be beneficial to both the Committee and the Department.

We would appreciate your assistance in broadening this Committee policy to include the Intelligence Community programs as well, and specifically in obtaining copies of all the audit reports produced by or on the Intelligence Community for the last 3 months. In addition, we would also appreciate being placed on the normal distribution list for all such future audits.

Because the Committee has always been impressed with the quality of the audits produced in the Department of Defense, we have traditionally been strong supporters of requests for funds and personnel for audit functions. In order to judge the adequacy of the audit function within the Intelligence Community, we would appreciate receiving a summary of each of the organizations in the Intelligence Community addressing: (1) how the audit function is handled; (2) the number of man-years and dollars dedicated to the audit function; (3) the number of audits produced annually; (4) whether the audit function includes program evaluation or is restricted to the more traditional accounting review; (5) the degree to which the auditors are permitted unrestricted access to all programs and information; (6) who determines the topics to be reviewed; (7) the extent to which any backlog of audit requirements exists which is not funded in the FY 1986 budget request;

(8) what procedures are in place to reconcile disagreements between audit findings and the positions taken by program managers; and (9) the extent to which savings documented by audit reports are reflected in the FY 1986 budget request.

Since time is somewhat limited before the Committee marks up the FY 1986 request, we appreciate your assistance in this matter.

Sincerely,

MEMORANDUM FOR: Deputy Inspector General

25X1 FROM:

Chief, Audit Staff

SUBJECT: Response to House Appropriation Inquiry

1. Attached is our draft response to the items listed in paragraph three of the HAC request. For convenience, we have repeated the HAC question at the beginning of our response and used the same numbering sequence.

25X1 2. You may want to omit the reference  at the beginning of the response to item (1). I included it for accuracy, but it may just complicate matters and invite more questions. I leave that to you and John to decide.

3. I did not respond to item (9) because, if I understand it, it's one for the Comptroller to handle. I think they are asking if someone takes account of audit/inspection recommendations for changes in resource levels when budgets are prepared. The answer is "of course."

4. Holler if this isn't what you need.

C. Ltr to D/ICS from HAC Staffers, dtd 15 May 85, Same Subject

25X1 1. Recommended Action: That you sign the attached letter.

25X1 2. Background: The Surveys and Investigation Staff of the House Appropriations Committee (HAC) proposes to proceed with an investigation of internal audit procedures and capabilities within the Intelligence Community (Tab A). The Acting Chief, Mr. Vandergrift, asks for a meeting to arrange for obtaining the data.

25X1 -- This request follows an earlier exchange of correspondence between HAC staffers and the D/ICS (Tabs B and C).

25X1 -- We do not believe it is appropriate to provide copies of audits of very sensitive areas involving sources and methods. The proposed response designates the CIA Deputy Inspector General as a point of contact for the staff for the setting up of briefings on procedures and capabilities. This action focuses on CIA and not the Community because the earlier letter addressed the matter of Department of Defense audits.

Dear Mr. Casey:

In accordance with the provisions of Section 202(b), Public Law 601, 79th Congress, this Staff has been directed by the Committee on Appropriations to make an investigation of the internal audit operations and capabilities within the intelligence community, which includes all intelligence, counterintelligence, and compartmented programs under your jurisdiction.

Dear Messrs. Plashal and Davis:

25X1 In regard to the House Appropriations Committee's request concerning Intelligence Community (IC) audit reports, Department of Defense (DoD) Directive 7600.2 (dated 10 January 1985) vests authority for the audit of all but the most sensitive areas within DoD with the DoD Inspector (IG). Consequently, it would be inappropriate for the IC Staff to respond to questions on the release of DoD audit reports. Inquiries should be directed to the DoD IG. [redacted]

25X1 Additionally, we do not believe it is appropriate to provide copies of audit on very sensitive areas involving sources and methods to the committee. Audit reports for internal management are by design exception reports, which would be of little use in their present form to outside reviewers. [redacted]

MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with S&I Staff Members of the House  
Appropriations Committee

1. On 18 September, the IG, D/IG, Chief/AS, and DC/OLL met with Messrs. Richard Ash, Frank Lyons, Robert Goffus, and Ranald Adams of the Surveys and Investigations Staff of the House Appropriations Committee. The purpose of the meeting was to discuss the upcoming investigation of Intelligence Community oversight and review processes.

2. Mr. Ash, the Chairman of this group, advised us that while the correspondence exchanged between the IC Staff and the HAC talks only of audits and audit reports, it was his view that his mission is in a much broader context. He said they would want to look at all program review activities and oversight functions in general. As we talked, we managed to get this group to refine their objectives to be a little bit more specific, and the outcome was a sense of agreement that they were primarily interested in independent reviews such as those performed by the OIG on behalf of the DDCI. They will want to look at the control systems; they will want to test the controls that evaluate our programs; and ultimately they will want to look at our audit and inspection reports. We advised them that this may be a problem. It was suggested to Mr. Ash that he begin his investigation starting with the IC Staff. We also suggested to Mr. Ash that he attempt to house himself and his team members at the IC Staff Headquarters as opposed to the CIA building. He was given the name and telephone number of Eloise Page [redacted]

3. [redacted] They did, however, leave with us a list of questions and documents that they would like us to address; that list is attached. It was also agreed that OLL will arrange for a CIA organizational

briefing for the group, and D/OLL will notify the SSCI and HPSCI of the HAC interests. The undersigned alerted Brett Sciaroni, PIOB Legal Counsel, of the HAC mission. The DDCI was briefed on 19 September 1985.
